Return to address listed above OR Return to: _____

Due to space limitations, Accuratus Lab Services will store test substances up to 60 days after the completion of testing. If disposal/return is necessary prior to 60 days from study completion, the Sponsor will be contacted to discuss appropriate action. If no testing is requested within 60 days of test substance receipt, Accuratus Lab Services reserves the right to discard/return test substance when no other arrangements have been made. If the Sponsor requests test substance to be stored beyond 60 days of the study completion without requesting further testing, test substance storage fees may apply.

Sponsor / Representative Authorization: _____
Signature Date

At Accuratus Lab Services, quality is very important to us. If there are any discrepancies between the Test Substance Submission Form (TSSF) and the items we receive, we will contact you promptly. Thank you for choosing Accuratus Lab Services to serve your testing needs.
